Triple Play NERRC Double Regional and Formula Vee Races SCCA Regional Races

The event was held at the 1.60 Mile North Chicane and NASCAR Turns 1 & 2 course of the New Hampshire Motor Speedway in Loudon, NH on 5-Jun-10. The Regional Races consisted of 8 race groups. The sanction number for the Regional Race is 10-R-1096-S on Saturday and 10-R-1097-S on Sunday.

One qualifying session for each race group in the Regional races was held Saturday. Races were run on Saturday for the first sanction.

The weather was a challenge all weekend. Heavy Intermittan rain on Saturday. Rain of Biblical Proportions on Sunday

Due to the difference between the timing ling and Start/Finish no lap records may be set on the first lap.

This was a double sanction. The first sanction on Saturday had a qualifying and race for each group. On Sunday, the fast lap from Saturday's race set the grid for the qualifyikng race on the second sanction. Since the qualifying race was a RACE, the finishing position of the qualifying race set the grid for the race.

Competitors in the NERRC race series were eligible for three sets of points; Saturday's race, Sunday's qualifying race and Sunday's race. A competitor who only drove on Sunday was eligible for two sets of points. Should a competitor finish the qualifying race on Sunday but not the final race, that would count as a race towards a competitors license requirement.

While it rained heavily at times on Saturday, Sunday alternated between heavy rain and torrential downpours. Upon seeing the weather radar for the afternoon, the races in the afternoon were shortened from the published 16 laps to 12 laps with a shortened lunch time. Unfortunately the weather deteriorated even further and it became impossible to grid cars due to the depth of standing water by the grid. Drivers were sent out for the first race group in the afternoon but were black-flag-all after 3 laps. After conferring with the drivers on track about conditions, and noting a tornado warning and cyclonic action of low clouds visible from the track, the Chief Steward declared the situation unsafe and the afternoon races were cancelled.

The races ran close to schedule.

Timing and Scoring ran a crew of 4 on Saturday and 6 on Sunday.

Special recognition should go to Denise Patten, NEDiv DA, who gave improved instructions for using a formula in the excel spreadsheets to calculate the insurance count, Carol Introne who provided race tape packages, and Josh Underwood who in h is first T&S experience demonstrated an ability to understand and implement T&S concepts in tapping and on the hot computer.

Car Counts

Triple Play NERRC Double Regional and Formula Vee Races Regional Races
