Northern New Jersey Region of the Sports Car Club of America

Joe DeLuca and Linda Gronlund Freedom Races SCCA Regional Races

The event was held at the 2.5 Road Course course of the Pocono International Raceway in Long Pond, PA on May 9-10, 2009. The Regional Races consisted of six (6) race groups. This event was comprised of four separate sanctions. The sanction number for the Regional Races are 09-R-562-P and 09-R-563-P which were part of the NARRC / NYSRRC / NJRRS series. The sanction for the Pro-IT was 09-R-564-P and the sanction for the 2.5 hour Enduro race was 09-E-565-P.

These races are held in memory of Joe DeLuca and Linda Gronlund, two NNJ members who held multiple offices in the region and were lost on 9/11/2001 when their flight went down in Shanksville, PA.

A qualifying session for each race group in the Regional races was held Saturday morning. Races were held on Saturday afternoon for the first Regional, 09-R-562-P. The results of this race were sorted by fast lap to produce the grid for Sunday's Regional Races, 09-R-563-P.

The Pro-IT had a 30 minute qualifying session first thing on Saturday. The Pro-IT race was held immediately after the lunch break (after qualifying for the first Regional races and before the first race group raced).

The Enduro qualifying was a 15 minute session held on Sunday morning. The enduro was held after the last race group of the regional races on Sunday afternoon,

The weather was very cold on Saturday. That evening it rained as course cleanup was being done and as wicked winds blew in. These winds persisted throughout Sunday making the event cold and brutal for workers and competitors.

Timing & Scoring works from a converted school bus at Pocono. This bus is located past turn 1 on the infield. It is over $\frac{3}{4}$ of a mile from the school bus to the ARCA lounge, where results are posted. This distance, combined with a lack of staff that had transportation available, made it difficult to get results to the ARCA lounge. Further difficulties were encountered when the copier at the ARCA lounge was deemed "unsatisfactory" to handle the load required to post results. Then that copier ran out of ink. T&S sent over a small all-in-one printer used at the school bus to make emergency copies. This printer, which had less PPM capacity than the one deemed "unsatisfactory" had to make do until the race chair could get more ink.

Due to the difference between the timing line and Start/Finish, it is necessary for tapers to work at Start/Finish and radio or phone in the actual finish order of races.

The races ran close to schedule. Originally there were seven race groups in the Double Regional. However, due to a low subscription, race group 4 was incorporated into race group 6 and eliminated. Race groups in the regional were 1, 2, 3, 5, 6, 7. The six Regional races were 12 laps as published. The Pro-IT was a 40 minute timed race and the leaders completed 22 laps. The Enduro was a 2.5 hour timed race.

There were MANY transponder issues with this event. NNJ, SJR and the JRB (Jersey Racing Board) are discussing options that would allow us to rent transponders to competitors with transponder issues.

Timing and Scoring ran a crew of 10 on Saturday, and 11 Sunday. Special recognition should go to Bart Carlevaro NNJ T&S Equipment Chief who had to jury rig a method to keep the timing light from blowing over in the wicked winds, Jack Oliver, SJR Chief of T&S who ran the hot computer and was teaching Shirley Zane, Judy Bloeser, PHL Chief of T&S, who produced flawless manual charts all weekend, Meg Meyers and Shirley Zane both SJR who dealt with the weather challenges at the Start/Finish line to tape and call in the actual finish order. And Dale Gogel, PHL, who was recruited from the Pits to tape at Start/Finish on Sunday afternoon when we had to recall Meg and Shirley to the School Bus due to a lack of personnel to support the manual charts. And special thanks to Registrar Terry Roberts, NER, who stepped in and did distribution at the ARCA lounge.
